105 Miners Are Believed Dead Following Blast

SHAFT IS SEALED BY EXPLOSION AT OKLAHOMA MINE

Rescue Parties Fail to See
Any Trace of Entombed
Miners in Shaft.

STATE OFFICIALS
BELIEVE ALL DEAD

Mysterious Blast Seals Up
Shaft Early Today in
Oklahoma Fields.

BULETIN
Oklahoma City, Okla., Jan. 13.—
State Mine Inspector Ed. Boyle, of
Oklahoma Bureau of Mines, in a long
distance telephone conversation
from Wilburton with his assistant in
the bureau's office here this after-
noon, stated that 125 miners, en-
tombed following an explosion at the
Dugan-McConnell mine No. 21, early
this morning, were all dead.

McAlester, Okla., Jan. 13.—Hope
that any of the 105 miners buried in
a shaft 600 feet deep by an explosion
early today at Wilburton, near here,
were alive was virtually abandoned
this afternoon when rescue parties
returned with word that no trace of
them had been found.

McAlester, Okla., Jan. 13.—One
hundred and fifty miners entombed
early today by an explosion in the
mine No. 21, at Wilburton Okla., may
be alive.

Hysterical women—wives, sweet
hearts and relatives—swarmed the
entrance to the mine while rescue
parties from McAlester worked fe-
verishly to save the lives of the 105
entombed coal miners.

The explosion, mine officials de-
clared, occurred 45 minutes after
the force entered the mine. The
cause, it was added, was probably
from an accumulation of gas in the
shaft.

The mine, 600 feet deep, was enter-
ed through a diagonal "air hole" at
10:20 by members of the rescue party
who declared it was problematical
if all lives could be saved.

ELWOOD MEYERS TAKEN BY DEATH

Prominent Farmer Dies at
His Home Early Today;
Funeral Saturday.

Elwood Myers, 72, died of cancer
of the stomach at 3:15 a. m. Wednes-
day at his home, two miles south of
Salem, on the Newcarden rd. He had
been in failing health for more than
a year.

Mr. Myers was born Sept. 14, 1855,
on a farm near Scareboro, a son of
John and Hannah P. Myers. Practi-
cally all his life had been spent in
this vicinity, except three years in
Iowa and South Dakota.

Surviving are his widow and three
children, Russell L. Myers, Raymond
I. Myers and Mrs. Olive M. Crawford
and one brother, B. T. Myers, all
living in or near Salem.

The funeral service will be held
at the home at 2 p. m. Saturday.

Rev. P. H. Gordon, pastor of Pres-
byterian church, will officiate. Burial
will be in Hope cemetery.

LUTHER TO FORM GERMAN CABINET

Berlin, Jan. 16.—President Hinder-
burg today invited ex-Chancellor Lu-
ther to take up the task of forming
a cabinet.

Dr. Luther accepted the charge.

BAPTIST SCHOOL NAMES OFFICERS

Officers were chosen at the annual
meeting of the First Baptist Sunday
school held Tuesday evening at the
church. They are:

Secretary, J. D. Bush, re-elected;
treasurer, Howard Foltz; pianist,
Ruth Foltz; chorister, Richard Stir-
ling.

A banquet served by the Ladies
Aid society preceded the election. A
program to which Mr. and Mrs.
C. W. Shimer, Mr. and Mrs. L. T.
Brown and Ralph Snyder contrib-
uted vocal and instrumental numbers
and Mrs. Nora McNamara and Carl
Whitcomb readings, was much en-
joyed.

OBERLIN BLOCK IS BURNED TODAY

Oberlin, O., Jan. 13.—Fire of un-
determined origin, which broke out
in the Johnson-Whitney block here at
9 o'clock this morning, was brought
under control shortly before noon to-
day. The property loss was estimated
at \$50,000.

The building was occupied by Hay-
lor's book store. The flames soon
reached an oil burner in the store,
which exploded, throwing flaming oil
in all directions.

Two thousand dead
in Mexican floods;
big property loss

Nogales, Ariz., Jan. 13.—Two thou-
sand persons are dead in the floods
which swept the state of Nayarit,
Mexico, according to R. B. Titcomb,
president of the Southern Pacific of
Mexico Railway, who arrived here
today from the devastated area.

Probably more than that number
will be counted victims of the floods
when outlying districts are checked,
the railway officials declared. Prop-
erty damage is immense and may
total more than \$2,000,000.

In the valleys of the Acaponeta,
San Pedro and Santiago rivers there
is intense suffering, Titcomb said.
Thousands are homeless, many are
idle and hundreds have been ruined
financially. Food is scarce and there
is only limited medical relief avail-
able.

Huge Losses Reported
Torrential rains caused the floods,
according to Titcomb who declared
Lake Chapala, Jalisco state, was
over flowing. Dykes along the lake,
which feeds the three rivers, broke
when the lake went 15 feet higher
than in normal periods. The lake
is still pouring out surplus water but
another damaging flood was not
feared unless new rain storms visit
the country.

During the high tide of the storm
the rivers rose more than ten feet,
breaking over the banks and sweep-
ing farm houses and farm buildings
from their foundations. The loss in
horses and other stock as well as
tobacco, and various crops is im-
mense, Titcomb declared.

The Southern Pacific suffered dam-
age of about \$300,000 and through
line communication will not be es-
tablished for more than a month he
stated.

Relief in the stricken sections is
badly needed, Titcomb declared. No
disease epidemics have broken out
but unsanitary conditions prevail
in some sections, the rail officials re-
ported.

"Gas" Stations Are Closed by Sheriff

New Lexington, O., Jan. 13.—Offi-
cial order today restrained operation
of the Shaeffer Oil company's main
distributing plant here. It was closed
Tuesday by Sheriff Harley McNabb,
acting on petition of creditors.

The company operates about 25
filling stations in Perry county alone
and is headed by C. B. Shaeffer of
New York, president. His indebted-
ness is estimated at about \$40,000.

Police authorities charge Shaeffer
removed part of his property here
after the sheriff took possession.

Reviews of the past year in indus-
try in Salem, together with some
views into the future, provided an
interesting program for the Salem
Rotary club Tuesday at the Elks
home.

Members of the club were the
speakers, these including C. C. Bur-
ton, R. C. Garrison, A. O. Silver, G.
R. Deming and E. A. Tinsman. They
were presented by R. S. McCulloch,
chairman of the entertainment com-
mittee.

The National Sanitary company has
had a satisfactory year, Mr. Bur-
ton said, and he believes the pros-
pects for 1926 are even better.

Mr. Garrison reviewed the improve-
ments made to the local nail mill
plant during the last year as an in-
dication of the prospects for future
business. More than \$200,000 has
been spent in new machinery and
improvements to the plant. Most of
the nails made here are for boxes,
only a small percentage being roof
nails and none for general construc-
tion work.

tain appointment of Richard V.

MOVE TO BREAK UP RUBBER MONOPOLY

American Firms Authorize
\$60,000,000 for Growing
Rubber Abroad

New York, Jan. 13.—Private in-
terests were perfecting plans today
for the expenditure of more than \$60,
000,000 for rubber planting in Suma-
tra, the Philippines and South Amer-
ica as the first step toward insuring
the United States independence of
the British rubber monopoly.

Announcement was made last night,
following conferences with Secretary
Howe, that two organizations had
been formed by rubber and automo-
bile interests to protect the American
public and the rubber industry with
respect to the future.

The Rubber Association of Amer-
ica, it was understood, practically de-
cided to set aside \$50,000,000 to be
expended over a period of five years
for rubber planting in areas under
American control.

The National Automobile Associa-
tion of America at the same time an-
nounced the organization of the \$10,
000,000 organization by automobile

PONZI'S SCHEME BANNED IN EAST

Boston, Jan. 13.—Charles Ponzi's
"200 percent profit in sixty days" Flor-
ida land scheme was under state ban
today pending an examination of the
plan by Attorney General Jay R. Ben-
ton. Calcedonio Alviti, representing
Ponzi, locked up his North End tem-
porary office while he interviewed
the attorney general at the state
house.

Arraignment of prisoners, indicted
by the January grand jury has been
postponed until 11 a. m. Thursday.
This is because Judge J. C. Moore
was still confined to his home Wed-
nesday suffering from bronchitis and
shock he received when he fell on
the ice Tuesday morning, while walk-
ing to court.

Judge Moore was considerably im-
proved Wednesday but upon the ad-
vice of his physician remained at his
home on East Washington st. all day
Wednesday.

Teach Charleston to Curb Jazz

New York, Jan. 13.—What
has become of the prim, staid
school marm?

With 1926 but a few days old
the instructors at the Horace
Mann school, the demonstration
school of Columbia university's
teachers' college, are actually
teaching the Charleston to
youngsters of the fifth and sixth
grade.

But the motive behind the
novel idea is not to speed youth
down the modern path of jazz,
but to curb inclinations in that
direction.

Miss Agnes Marsh, who super-
vises the dancing classes, de-
clares that her pupils returning
from the holiday vacation, had
picked up extreme variations
of the hectic dance, so it was
thought advisable to sanction
and teach the Charleston along
considerable lines.

PLAN LEGISLATION TO AID IN DRIVE ON BOOZE TRUST

Survey of Statutes Shows
Many Loopholes Which
Hinder Enforcement.

CONGRESS TO GET
TREASURY'S PLAN

Want Real Rum War to See
If Laws Are Enforced
Before Change

Washington, Jan. 13.—Important
legislation to strengthen the govern-
ment's war against the rum trust is
to be proposed to congress soon by
the treasury, it was learned today.

A general survey of statutes per-
taining to prohibition both by the
treasury and Department of Justice,
has disclosed distinct weaknesses in
the Volstead act, laws pertaining to
smuggling, seizure of American and
foreign vessels libel proceedings and
other customs and internal revenue
laws.

The changes are to be recommend-
ed as a part of the general plan to
throw every weapon the government
possesses into the campaign against
rum this year, and then if no appre-
ciable dent is made in the illicit traf-
fic put up to congress the question
of liberalizing the law to enforceable
proportions.

The survey, virtually complete,
has been conducted by a committee
organized by Andrews and consisting
of William R. Vallance, assistant so-
licitor of the State department,
James J. Britt, solicitor of the proba-
tion unit, H. H. Tyler, deputy
commissioner of navigation, of the De-
partment of Commerce, J. F. Mul-
phy, customs service, and Lieut.
Commander C. M. S. Root of the
coast guard.

It is understood that treasury ex-
perts favor putting a big part of the
prohibition machine under civil ser-
vice as a step to getting enforcement
out of politics.

Among the obstacles to effective
enforcement is a provision of the na-
tional prohibition act which virtually
legalizes hard cider and wines. While
the law forbids the making of bever-
ages of more than one-half of 1
per cent alcohol, fruit juices which
at the time of manufacture are under
limitation, may later attain higher
alcoholic content without becoming
contraband.

Replying to a request from the
treasury as to the manufacture of
cider and fruit juices, Atty. Gen.
Sargent has rendered an informal
opinion holding that these beverages
are not illegal until they become "in-
toxicating in fact."

JUDGE MOORE IS MUCH IMPROVED

Arraignment of prisoners, indicted
by the January grand jury has been
postponed until 11 a. m. Thursday.
This is because Judge J. C. Moore

ing to court.

proved Wednesday but upon the ad-
vice of his physician remained at his

sary of Quaker City tent which will
be celebrated soon.

SHEPHERD WINS IN ESTATE CASE

Chicago, Jan. 13.—William Darling
Shepherd gained a victory here today
in his fight to obtain the million dol-
lar estate of "Billy" McClintock when
the will by which he was made chief
beneficiary was ordered admitted to
probate by Circuit Judge Kiekham
Scanlan.

The decision overrules one in the
probate court where it was held that
the will had been made under undue
influence.

Rome Is Blanketed By Heavy Snowfall

Rome, Jan. 13.—Rome awakened to-
day under a quilt of snow. Snow was
also reported in Naples where Vesu-
vius was coated and capped with
white.

There are no records of an equal
fall of snow in Italy since 1892.

COLUMBUS DOCTOR SPEAKS ON 'GOITRE'

Dr. E. R. Hayhurst of Columbus,
gave a talk on "goiter" at a dinner
meeting of the Columbiana County
Medical Society Tuesday evening at
the Elks home. The speaker discus-
sed this subject from a historical and
geological standpoint.

Twenty doctors, mainly from Sa-

East Liverpool.

INDUSTRIAL BOARD REFUSES LOAN FOR STATE OFFICE SITE

Commission Votes Against
Loan After Crabbe's
Ruling on Case

Columbus, Jan. 13.—The state in-
dustrial commission today by a vote
of two to one refused to loan state
sufficient money for the purchase of
a site for the new state office build-
ing. As a result of this action, two
years may elapse before further ac-
tion may be taken on the project.

T. J. Duffy, chairman of the com-
mission announced the vote.

Duffy and J. D. Clark voted against
the loan while Rose Moriarity ap-
proved it.

The industrial commission's act
followed closely a ruling by Attorney
general C. C. Crabbe that the com-
mission could "not legally" make a
loan from the workmen's compensa-
tion fund, although such a course
had been advocated.

Unless the special session of the
legislature called for Friday takes ac-
tion and passes an act authorizing the
loan, the building project must rest
until the next regular session of the
general assembly almost two years
away.

The last legislature provided an ap-
propriation of \$4,000,000 for the pro-
posed building, but did not provide
funds for the purchase of a site.

The state building commission had
applied to the industrial commission
for a loan to purchase the site, the
loan to be repaid by regular legisla-
tive appropriation.

12 ARE RESCUED AS WALLS FALL

Boston, Jan. 13.—Twelve workmen,
engaged in demolishing the famous
old Parker house were buried alive
today when a girder snapped and
the entire third floor, weighing 25
tons dropped to the street floor.

Prompt action by other workmen
and volunteers resulted in the rescue
of all 12 men. Four were rushed to
Haymarket Square Relief hospital
but will recover. Eight others dug
from the debris were treated on the
scene by physicians.

BATTERED BY WIND SCHOONER SINKS OFF FLORIDA COAST

Fort Myers, Fla., Jan. 13.—Battered
by a terrific gale on the gulf of Mex-
ico the schooner Robert B. Burnie
foundered and went down about 25
miles off Captiva sometime Monday
night according to the story of the
disaster brought here today by a mem-
ber of the crew.

All members of the crew including
Captain Thomas Hamilton were safe-
ly landed at Estero, Fla., according
to the man who reached here.

The schooner had put into Captiva
to avoid the high winds and heavy
seas. Later venturing out into the
gulf she was blown miles from shore,
her seams opened and the boat
foundered.

BOY COASTER IS KILLED BY TRUCK

Cincinnati, Jan. 13.—Police today
are sounding warnings to youngsters
as to the danger of coasting on streets
with vehicular traffic.

Meanwhile another life has been
lost within the last 24 hours and
eight persons were injured in coast-
ing accidents during that time. Ed-
ward Behler, 13 years old, is dead.
He was killed when his sled went un-
derneath a truck on Glenway ave.
and the sled was thrown under a rear
wheel of the machine.

GOVERNOR BREAKS SILENCE OF WEEKS TO DEMAND ACTION

Pinchot Wants Anthracite
Industry Declared a
Public Utility.

REGULATION BY THE
STATE IS HIS PLEA

Scores Miners and Operators
As He Outlines "the
Next Step."

Harrisburg, Jan. 13.—Breaking his
silence of weeks on the anthracite
coal strike, Gov. Gifford Pinchot, in
an interview today declared for "ac-
tion" and said that he will do all in
his power to press legislation which
will recognize anthracite as a public
utility.

"I shall do my best to press a bill
which recognizes anthracite as a pub-
lic utility," Governor Pinchot said.
"That is the next step."

The governor was to appear before
the legislature in special session this
afternoon to take up, among other
things, the coal situation.

Gov. Pinchot was obviously
concerned over the breakdown of the
joint conference of miners and op-
erators in New York City yesterday. He
regards the situation that exists to-
day as a matter of the most press-
ing importance not only to Pennsylv-
ania but to all of the 49,000,000 an-
thracite-using people of America.

"For many weeks," the governor
said, "we have read in the newspapers
the daily story of the anthracite op-
erators against the public."

"Yesterday came the breakdown of
the negotiations because the operators
refused to do as the miners had
already done—make real concessions
from their original position in the
interest of reaching a settlement."

"The matter now comes before the
legislature of Pennsylvania for its
action."

Prepare Two Bills
Two important bills, dealing with
the anthracite industry were prepared
by Attorney General Woodruff and
will be submitted in due course during
the session.

The first bill, an amendment to the
public service commission law, classi-
fies anthracite production as a public
service function and consequently
renders the operators amenable to
the same regulation that now applies
to street railways, telephone com-
panies and other public service cor-
porations.

The second bill is aimed primarily
at the retail end of the anthracite
trade which is unaffected by the first
bill. It authorizes the governor to
enter into compact with the anthra-
cite consuming states providing for
the regulation of the business of pro-
ducing, preparing, transporting, sell-
ing and distributing anthracite.

SIMPSON NAMED DRIVE CHAIRMAN

Salem Principal to Lead in
Mt. Union Endowment
Drive in District

Alliance, Jan. 13.—Announcement
was made here today of the appoint-
ment of W. F. Simpson, 225 McKim-
ley ave., Salem, O., as district chair-
man of the Salem district of Mount
Union college's \$2,000,000 national
campaign. Mr. Simpson is one of the
12 district alumni leaders in Ohio.

Mr. Simpson, principal of the Sa-
lem High school, is an alumnus of
the class of 1915. As district chair-
man he will organize Mount Union's
alumni by appointing local chairmen
in Damascus, Leontonia, Columbia,
New Waterford, Petersburg, East
Palestine and Lisbon. He will also
co-operate with the other district
alumni chairmen that have been ap-
pointed throughout the state.

While the date of the opening of
Mount Union's national alumni cam-
paign has not yet been announced,
it has been proposed to set a day
either in March or April intensive ef-
fort that will be carried on simulta-
neously in 125 different towns and
cities throughout the country.

Gifts toward Mount Union's \$2,000,
000 endowment and building fund

ALIEN FAMILIES

Steps have been taken to "human-
ize" the immigration restriction law
recently enacted by making it pos-
sible for families to be united re-
gardless of any quota which may
stand in the way. The relief
is promised in identical bills intro-
duced in both the house and the sen-
ate to exempt from the quota system
certain relatives of aliens already
in the United States and also aliens
who served with the American forces
during the World war. The meas-
ures have been introduced by Sen.
Perman and Senator Wadsworth of
New York and are said to have been
given the president's approval. This
has not been tacitly announced but
the proposed law appears to be in
keeping with one of the recommenda-
tions of the president's message to
congress in December.

If the present immigration law, the
president said, deprived people in
this country of the comfort and so-
ciety of those bound to them by close
family ties, such modifications should
be adopted as will afford relief al-
ways, in accordance with the principle
that our government owes its first
duty to its own people, and that no
alien, inhabitant of another country,
has any legal rights whatever under
our constitution and laws. But we
should not be unmindful of the obli-
gations of common humanity.

Most people who have studied the
immigration restriction law and its
operation have been shocked by the
glaring brutality of some of its fea-
tures, chief of the evils being in the
fact that when the law went into
effect it found thousands of alien
residents in the midst of prepara-
tions to bring their families to the
United States. In some cases the
father alone was here, in others both
the father and mother with children
left behind, and in many cases de-
stitute and aged parents. Some of
the difficulty was due to the lack of un-
derstanding of the new law but ad-
mittedly the law itself was not hu-
manely designed.

The bill now pending provides
that the non-quota class of immi-
grants shall include the husband,
wife, father, mother or unmarried
child under 21 years of age of an
American citizen, or of a veteran of
the American World war forces, or
of an alien legally admitted to the
United States prior to the passage of
the immigration act who has declar-
ed citizenship intent. In addition to
these non-quota changes the bill
provides that the same financial re-
quirements shall enjoy preference
within the quota, irrespective of the
time of arrival of the immigrants in
this country.

No let down of the bar against in-
definite immigration is contem-
plated nor is there any departure
from the policy which has been fol-
lowed. The purpose is simply to put
a little of human kindness in the op-
eration of law which by its nature
must be somewhat inhuman.

RUBBER AND THE NATION

The English rubber monopoly will
be worth every cent it costs this
country if it brings a little realistic
common sense into the overseas out-
look of Americans.

Mr. Hoover has done his duty in
calling attention to the facts. He has
shown his usual constructive ability
in suggesting remedies. In plain
words, a fight is on, a commercial
struggle, a friendly rivalry but none
the less a fight.

It is idle and silly to sit back and
complain of British cupidity. The
British government and the British
rubber interests are doing only what
this nation and every other nation
have done repeatedly and must con-
tinue to do. The extent to which such
a monopoly can be safely exploited is
a matter of business judgment. There
are definite limits of success as the

Q. How many automobiles have
been manufactured in this country?
C. A. S.

A. The American automotive in-
dustry has produced and marketed
almost 30,000,000 more than 80 per
cent of this production having been
turned out in the last decade.

Q. Have many ships been named
the "Mayflower"? A. K.

A. In the late Tudor and early
Stuart periods, "Mayflower" was a
common name for ships. The reason
is obscure.

clearing up of the nonsense about
Philippine independence, for capital
will not go to the islands if they are
to be turned over to native incom-
petence at any moment.

No panacea born of post-war psy-
chology has done more to confuse
minds than the theory that the raw
materials of the world could and
should be allotted to the several
countries according to some unde-
fined principles of abstract need
and right. This theory is the prin-
ciple of socialism applied to interna-
tional affairs, and it is quite as im-
practicable in one field as in another.
The competitive spirit is as neces-
sary between nations as between in-
dividuals. National independence is
as necessary as individual self-reli-
ance.

This faith in a vigorous national-
ism need involve no jingoism. Trade
rivalries between nations can be as
fair as they are clear headed. Mutual
dependents for markets and materi-
als must continue. But a rounded
national development as between ag-
riculture and manufactures and an
available supply of raw materials,
where possible, as a recourse in the
event of a stubborn monopoly, are
helpful. By adherence to the protec-
tive principle America has had the
foresight to develop along these
sound lines of national sufficiency.
The lack of rubber can be speedily
cured by a sound Philippine policy.
So can the lack of ships, perhaps the
greatest weakness in our national po-
sition.

Q. How can recipes which do not
give the exact baking temperature
be adapted to temperature cooking?
F. T.

A. A recipe calling for a slow oven
needs a baking temperature of be-
tween 250 and 350 degrees Fahren-
heit. A moderate oven has a tem-
perature between 350 and 400 degrees
Fahrenheit. A quick or hot oven is
above 400 but below 450 degrees,
while a very hot oven is from 450 to
500 degrees. Most meats call for a
moderate oven after they have been
seared and bread requires the same
amount of heat. Baking powder bi-
suits need a very hot oven, 450 to
460 degrees Fahrenheit, while pie
crust is best baked at a temperature
between 400 and 450 degrees.

Strabala-Fink
Miss Ruth Strabala, daughter of Mr. and Mrs. Frank Strabala of near Lisbon and Alfred Fink, son of Mr. and Mrs. Michael C. Fink of Ohio ave., were united in marriage at 9 a. m. Tuesday at St. Paul's Catholic church, McKinley ave. The ceremony was performed by Rev. Raugh in the presence of 35 relatives.

The bride wore an attractive dress of cranberry broadcloth with hat and accessories to harmonize. The bridesmaid, Miss Cecelia Strabala, her sister, was given in marriage by her father. Both carried bouquets of roses and sweetpeas. Lawrence Reasbeck was the groomsmen. After the ceremony a wedding breakfast was served at the home of the bride's parents. Bouquets of flowers decorated the home and the tables were centered with pink sweetpeas and roses.

Mr. Fink is an inspector at the Mullins Body Co. corporation and Mrs. Fink, until her resignation three weeks ago was employed as an operator at the Ohio Bell Telephone Co. here.

The young couple left Tuesday for a wedding trip to Buffalo, and upon their return will make their home with the bride's parents for the present.

Speak at W. C. T. U.

Mrs. Maria Scattergood, of Philadelphia, and Miss Mary Ida Winder of New York City, who are working under the direction of the American Friends Service committee, in the interest of Peace, gave talks at a meeting of the W. C. T. U. Tuesday afternoon at the home of Mrs. W. A. Leatherberry, East High st. One new member was added.

The union will hold a prayer service Saturday afternoon at the home of Miss Laura Schiller, Garfield ave. Special prayer will be offered for God's blessing on the W. C. T. U., its leaders and organization; upon the plan for law observance and enforcement and upon the American people that they may realize their responsibility to obey the law themselves, and to support the constitution.

A meeting will be held in two weeks at the home of Mrs. George Mountford, Vine st. Elwood Conrad will be the speaker.

Quota Club

Twenty-eight members of the Quota club enjoyed a dinner Tuesday evening at the Quaker Tea house, McKinley ave.

After the dinner the members went to the home of Miss Lucille Sharp Yaeager, on East High st., where bridge and contests helped make the evening enjoyable.

Mrs. John Finney, formerly of Bowling Green, Ky., gave a very interesting talk about her work among the mountaineers in that state.

In two weeks the members will meet at the Elks home. At that time the officers will be elected.

Unity Bible Class

A debate on "Resolved, That the hope of reward is a more powerful influence in the lives of men, than the fear of punishment" was a feature of the social period at a meeting of the Unity Bible class of the M. E. church Tuesday evening at the church.

H. N. Loop and George Dressel discussed the affirmative side while the negative side was defended by Dr. E. S. Collier and Rev. Jacob Culp. No decision was given. A committee composed of six men and six women served refreshments.

Loyal Women's Class

Mrs. M. A. Poole's division had charge of the program at a business and social meeting of the Loyal Women's class of the Christian church Tuesday evening at the church. It was composed of these numbers:

Piano duet, Misses Bernice and Evelyn Dickinson; piano solo, Bernice Dickinson; book review, Mrs. Alice Robinson; guessing contests. In one of these Mrs. Lloyd Hancock won the prize. Mrs. Leigh Whitney's division served refreshments.

Travelers Club

Mrs. Jesse Strazon was chosen president of the Travelers club at its annual business meeting Tuesday afternoon at the Memorial building. Other officers for the 1926-27 season are: Vice president, Mrs. A. R. Silver; secretary-treasurer, Mrs. Floyd W. McKee.

Two papers composed the program. They are: "Colombo and the Isle of Ceylon," Mrs. Donald Carey; "Kandy, Peridena and Bombay," Mrs. James Boyle. In one week the members will meet again.

Mrs. Oyster Hostess

With three tables in play, bridge was a favorite diversion at a gathering of club associates at which Mrs. R. C. Oyster presided Tuesday evening at her home, Fair st. The club honors were shared by Mrs. R. B. Finley and Mrs. L. W. King, while the guest prizes went to Mrs. S. Floyd Keener and Mrs. R. Kent. Other invited guests were Mrs. Arthur Vaughn, Mrs. Roland Benzinger and Mrs. F. T. Cope.

Mrs. L. W. King, Ellsworth ave., will entertain the members in two weeks.

Cara Nome Club

An exchange of gifts added pleasure at a meeting of the Cara Nome club at which Miss Stella Kleinman was hostess Tuesday evening at her home, Depot st. Fancypwork was a diversion and the hostess served a lunch. A meeting in two weeks will be with Miss Helen Kaley, Jennings ave.

Miss Deming Entertains

As a courtesy to Mrs. John Barker of Cleveland, Miss Susan Deming entertained at a few tables of bridge Tuesday afternoon at her home, Lincoln ave. Success in the games was won by Mrs. E. P. Hauser, who was presented the first prize. Mrs. Barker received the guest prize.

Delphian Society

The Delphian society will meet at 7.30 p. m. Thursday at the Memorial building.

Burwell Church

Of wide interest here is the following item concerning the marriage of Herbert Church, of Monroe, Wash., son of Dr. and Mrs. T. T. Church, of Lincoln ave., taken from the Seattle, Wash., Daily Times:

"The marriage of Miss Augusta Hubbard Burwell, daughter of Mr. and Mrs. A. S. Burwell to Herbert Safford Church, son of Dr. and Mrs. Thomas T. Church, of Salem, O., was celebrated Wednesday evening, (Jan. 6) at the Burwell residence, the Rev. Dr. Edward Lincoln Smith, reading the service.

"Miss Barbara Burwell was her sister's maid of honor. The two flower girls were Betty Lee and Mary Hodge, daughters of Mr. and Mrs. J. Thacher Hodge. Alfred Ghorney was best man.

"Before the service Mrs. Margaret Moss Hemion sang two solos, "Calm as the Night" and "At Dawning," accompanied by Sidney Jones, who also played the wedding marches.

"Mr. and Mrs. Church will be at home after Feb. 1, at 133 Madison st., Monroe."

Miss Holloway Hostess

Miss Jessie Holloway extended delightful hospitality Tuesday evening at her home in Columbiana to a group of club associates from the city.

Bridge was the engaging diversion with three tables in play. The pretty trophy for high score was won by Miss Bess Watkins, while the consolation honors went to Mrs. John Ryan, Jr. of Columbiana.

At the conclusion of the evening's pleasure the hostess served a delicious lunch.

Golden Rule Girls

Miss Betty Miller of McKinley ave. was hostess to the Golden Rule Girls class of the First Presbyterian church, Tuesday evening. Seven of the members and one visitor were in attendance.

An enjoyable social period followed the business session and radio music entertained. A lunch was served by Miss Miller.

The next meeting of the class, the second Tuesday in February, will probably be held at the home of Miss Sara Bryan.

Friends Fellowship Meeting

The Friends Fellowship group held a meeting Tuesday evening at the home of Mr. and Mrs. J. R. Stratton, East Eighth st. In addition to the regular program which was in charge of Mr. Stratton, Mrs. Maria Scattergood of Philadelphia gave an interesting talk on the activities of the Friends Service committee.

The next meeting, Jan. 27, will be at the home of Mrs. Hannah Maule, East High st.

Entertain At Coasting Party

Mr. and Mrs. Ralph Huston were hosts to the members of the Garnet club Tuesday evening at their home on the Lisbon rd. A coasting party was a feature of the gathering. After the coasting all went to the Huston home where an oyster supper was served. Music and games were forms of entertainment.

Loyal Boys and Girls

Delbert Windle entertained the Loyal Boys and Girls of Phillips Sunday school, Sunday afternoon at his home on the Lisbon rd. The business session was followed by a program and lunch was served. The next meeting will be in one month.

Red Lead

A group of 12 young people enjoyed a sleigh riding party Tuesday evening. They went to Goshen grange hall where they made merry with music, singing and dancing. A lunch was served at midnight.

Mrs. Maria Scattergood of Philadelphia, and Miss Mary Ida Winder of New York who were in Salem several days giving talks on "Peace" and the activities of the American Friends Service committee, left Wednesday morning for Cleveland. Their trip will probably take them as far as the Pacific coast.

Mr. and Mrs. Mike Untch of South Union st. have returned from Pittsburgh where they were called by the death of the latter's sister, Mrs. Catherine Shoen, whose funeral was held Monday. Mrs. Shoen was well known here by her frequent visits at the home of her sister and brother-in-law.

Mrs. Harry Parsons, of Ellsworth ave., will leave Wednesday evening for Cleveland to spend a few days with her daughter, Miss Doris Parsons, who is a student nurse at Mt. Sinai hospital.

Miss Susan Deming, of Lincoln ave., left Wednesday for Cleveland, where she will spend a week with friends.

Wright Answers Counsel In Beverly Case as Client Is Jailed Again

W. C. Beverly, alias George P. Brainerd of Cleveland, against whom two indictments were returned by the Columbiana county grand jury was taken by surprise when he appeared in Lisbon Tuesday to enter his appearance and plea.

W. K. Hershberger of the Department of Commerce, Division of Securities of Columbus was also at the court house when Beverly was placed under arrest by Sheriff George Wright as soon as Beverly and his counsel entered the court house. Counsel for Beverly was insistent upon his demand that his client be allowed to remain out of custody for the night so that the two could go over the new charges that had bobbed up against Beverly, but Sheriff Wright took the attitude that unless a new bond was furnished, Beverly would be held in custody, and this resulted in him being placed in jail again.

"Just Obeying Law"
"My but you're hard boiled," commented Atty. Hatfield representing Beverly.

"Just obeying the law—nothing more," put in the sheriff.

The \$5,000 cash bond that was put up to secure the release of Beverly when he was brought to Lisbon from Alliance to answer a charge preferred against him by Emanuel Wang of North Georgetown, was obtained from a prominent lumber operator in Cleveland through the solicitation of Mrs. Beverly.

She is very prominent in the activities of a large Cleveland Episcopal church and is held high in that community. Mrs. Beverly did not accompany her husband to Lisbon, although she was with him when he was released under \$5,000 when he was first arrested and entered a plea of not guilty to the charge filed against him by Mr. Wang.

The second charge in this county against Beverly was that practiced by A. L. Stroecker of East Palestine.

TO DISINTER BODY OF GARLAND BABY

Alleged Mother Admits Her Guilt and Gives Self Up To the Authorities.

Allentown, Pa., Jan. 13.—Disinterment of the tiny corpse of the "love baby," alleged to have been born at April Farm founded by Charles Garland, the eccentric Massachusetts millionaire, will be made today by orders of District Attorney Orren E. Boyle, in order to confirm what caused the infant's death.

According to official records, the child was born July 4, last, on April Farm, in the portable bungalow occupied by Garland and Miss Bettina Hovey. The record also shows the baby died October 17, 1925.

Miss Hovey, for whom a warrant was issued, surrendered voluntarily to Boyle last night. She was later released on her own recognizance. Miss Hovey, according to Boyle, admitted she was the mother of the dead child and that Garland was its father.

Miss Hovey, in telling of the baby's death, said the little girl had been ill with the colic.

"On the night she died she awoke crying several times," Miss Hovey said. "I placed her in a basket and covered her with a blanket. In some way she kicked the blanket over her head and in the morning we found her dead."

The woman told how Garland had sent for a doctor and how they had worked trying to revive the baby but with no success.

Garland is awaiting hearing Jan. 23. He was arrested on a warrant charging him with a statutory crime and released on \$1,000 for further hearing.

It is expected that the Garland case will review the secrets surrounding April Farm where Garland lived with about a dozen of his followers.

DESIRE FOR EASY MONEY CAUSE OF HOLIDAY BY BOYS

Cincinnati, Jan. 13.—A desire to make "easy money" which led to pay for road house parties is responsible for the criminal careers of two Covington (Ky.) High school boys and a member of the choir of a Covington church, who are accused of a number of recent holdups and robberies in Cincinnati, Covington and Newport, Ky.

The police said today the youths are members of a ring that has robbed a dozen grocery stores in Covington and Newport, two oil stations in Cincinnati and one oil station in Covington.

Those under arrest are Virgil Patterson, 18 years old, Covington, senior at the Holmesdale High school; Harry Llewellyn, 23 years old, Covington, a member of the choir of the Fifth st. Christian church of Covington; and George Webb, 20 years old, son of Rev. Henry H. Webb, pastor of the Fifth st. Christian church.

Patterson, Holmes and Llewellyn are charged with robbery. Webb is being held on suspicion. The two High school boys and the choir singer are said to have made confessions.

9 BILLIONS SPENT TO GOVERN NATION

One-Third of This Amount Is Spent by the Federal Government.

Washington, Jan. 13.—The American people spent approximately \$9,000,000,000 in governing themselves last year.

This huge amount represents the cost of national, state and local self governing throughout the United States.

Figures available today at the treasury and department of commerce showed distribution of costs approximately as follows:

Federal, \$3,000,000,000.
State, \$1,513,628,000.

City and county, \$4,486,372,000.

Federal government expenditures, which comprised two-thirds of all governmental cost in 1925, dropped to a ratio of one-third in 1925.

"Public expenditures of other governmental agencies have been mounting higher and higher in a most alarming way," Budget Director Lord declared.

"The federal government, however has set an example by cost cutting that may be followed with profit by the states, counties and cities."

The bureau of the census declared that state government costs exceeded revenues by \$143,562,000.

In 27 states the governments failed to collect sufficient funds to meet the cost of permanent improvements and operations, the deficits having been met by the proceeds from bond issues.

The biggest deficit occurred in Illinois where the government cost was \$121,521,000, exceeding revenues by \$89,000,000, according to the bureau.

In Pennsylvania revenues of \$104,320,000 exceeded receipts by \$10,527,000, and Ohio, with an income of \$54,322,000 had a \$10,966,000 surplus. Operation of the Nevada government cost \$4,942,000, establishing a low record, while New York was high with \$162,127,000. Nevada collected \$5,976,000 and New York \$162,127,000.

West Virginia and Kentucky were among the states which failed to meet expenses.

The census report showed that the assessed valuation of property subject to property taxes was \$131,332,577,000 in 1924, or a per capita of \$1,480.

Sixty-six percent of state government costs went to operation of general administrative departments. Payments for highway and waterway construction were \$356,311,531; education \$38,127,000, and charities, hospitals and corrections, \$37,272,371.

General property taxes yielded \$351,604,000; special property taxes, \$94,373,000; income taxes, \$28,774,000; inheritance taxes, \$19,308,000; motor vehicle taxes, \$168,137,000; motor fuel taxes, \$50,586,000; earnings of departments \$113,047,000, and earnings of public service enterprises \$12,577,000.

48,076 APPLY FOR
WORK IN DECEMBER

Columbus, Jan. 15.—Of 48,076 applications for work received during December by the 12 state-city employment bureaus in Ohio working in conjunction with the U. S. employment service, 26,600 were casual workers and common laborers, according to a statement by the state department of industrial relations. A total of 21,476 of these were provided with jobs, it was revealed.

In the trades, metal and machine workers, numbering 3,769 made applications at the bureaus, this class of workers ranking next to casual workers and laborers in the number of requests for jobs.

In the unskilled laborers numbering 2,577 made application, this representative all but 950 of the total, skilled workers numbering 830 and 10 requests for clerical and professional jobs complete the total.

In Canton the skilled applicants outnumbered the unskilled seekers of jobs 85 to 45 during the month. These 120 represent the total for the city in December, there having been no applicants in the clerical and professional lines.

Further Recoveries
New York, Jan. 13.—The oil and railroad stocks made further recoveries at the opening of the market today. United States Steel was a strong spot at the opening, selling at 136 1/2, up 1/2, and advancing to 136 3/4. Missouri Pacific common was up 1/2 at 18 1/2, Texas and Pacific up 1/2 at 24 1/2, General Petroleum up 1/2 at 24 1/2, California Petroleum up 1/2 at 24 1/2, Maryland up 1/2 at 47 1/2, Mack Trucks up 1/2 at 147 1/2, Stewart Warner up 1/2 at 89 1/2, American Sugar up 1/2 at 39 1/2, Consolidated Gas up 1/2 at 13 1/2, American Smelting up 1/2 at 13 1/2.

Speculative interest in the stock market today was largely centered on stocks of the southwestern railroad companies in which mergers and consolidations of various kinds are expected to be consummated this year. The motor stocks continued reactionary in the early trading, though price contractions were mostly fractional. High priced industrial and specialty shares moved upward with the help of the pools and most of the independent oil stocks displayed a slight improvement in tone.

Rock Island, Missouri, Kansas, Texas, St. Louis Southwestern, Texas & Pacific and Southern Pacific led the forward movement in the railroad group, with advances of from 1 to 3 points in active trading. In the absence of authentic news or special developments in connection with these mergers it was generally believed that powerful support was being given to the market by those who feared an unfavorable reaction from the breaking up of the coal strike settlement negotiations here.

Another decline in crude oil production was announced by the American Petroleum Institute, making current production the lowest since last April. A new issue of \$25,000,000 of bonds to assist in the purchase and merger of Waite-Phillips company, and possibly Simms and Skelly, was easily absorbed in the investment market, and oil stocks were generally in demand.

Pullman moved up about 2 points to above 17 1/2. United States Steel, U. S. Rubber, General Electric and other market leaders topped yesterday's best prices. Woolworth sold down 4 points on announcement of its \$4 dividend rate. American Can and General Electric developed a more active movement at the best prices of the week and utility stocks regained a good part of Tuesday's losses in active buying.

Call money 4 1/2 percent.

NEW DIRIGIBLE IS
ASKED BY WILBUR

Wilbur Lays Shenandoah's Loss to Storm in Discussing Airship.

BULLETIN
Washington, Jan. 13.—Virtual elimination of the navy's rigid activities was recommended to the house today in the report of the appropriations committee on the naval supply bill.

The committee proposed that the Lakshurst, (N. J.) naval air station, where is housed the dirigible Los Angeles, be closed down at a saving of \$715,000 a year, and that the 470 officers and men stationed there be transferred into other branches of the service.

Washington, Jan. 13.—Construction of a giant rigid airship to replace the Shenandoah was recommended to the house navy affairs committee today by Secretary of Navy Wilbur.

He asked, however, that the appropriation for the ship, of 5,000,000 cubic feet capacity, should not be deducted from the navy's fund for building sea-going vessels.

The loss of the Shenandoah, Wilbur declared, was due directly to the storm, and he joined in exonerating any naval officials from blame in connection with the disaster.

GREENFORD

When Ralph Calvin was coming home last Tuesday evening and while making the turn up the hill on this side of Lewisstown, a threatening separator without a tail light stood in his path that he did not see, he hit it, knocked it over and completely wrecked his Nash car.

A truck from Chagrin Falls was coming from the south and a Ford roadster coming from the east, hit the truck, whirling it around and turning it over on Thursday afternoon. The man in the truck was taken to the hospital.

Allen P. Calvin died at the home of his sister, Mrs. Irene Calvin, of pneumonia, Saturday night.

Mr. and Mrs. Charles Royer had on exhibition during the holidays, most lavish display of Christmas trees and cabins of all descriptions and fully equipped by the different peoples and their habits of life. The Chamois goat living on his native very steep hill side; the Indians bombarding the fort at Fort Pitt; the Great White Way equipped with light posts; a caravan drawn by oxen and guarded by a cavalry of American soldiers, decorations and boys of all kinds and description which occupied their entire spacious dining room. It was an interesting and beautiful sight to behold.

Among the sick at this writing are Emanuel Stahl, who is quite feeble; S. W. Yoder who is reported as not so good at this time; Henry Calvin who is quite low of pneumonia and E. G. Calvin, who is improving now.

Mr. and Mrs. Ira Weltart of Youngstown were Greenford callers Sunday.

Mr. and Mrs. Thomas Kelley visited with her father, Walter Calhoun Sunday.

Mr. and Mrs. A. P. Simpson, Mr. and Mrs. A. L. Taylor and Mrs. J. U. Walter of this place and Mrs. William Arkwright of Navasota Corners were Youngstown shoppers, Monday.

The third number of the Greenford lyceum course will be given Wednesday evening, Jan. 20, by the "Musical Arts Duo" which consists of Eva Mae Pike, lyric coloratura soprano, saxophoneist and pianist and Miss Frances Faskette, dramatic soprano, reader and pianist. These young ladies are especially gifted and their repertoire which includes the classics as well as the lighter numbers of the day, reveals a splendid voice and a very fine musical ability. Their program is varied and contains something of interest to every one.

LUCKY DOGS CLASH WITH COLUMBIANA; TWO OTHER GAMES

Three games are carded for another week's arrival at the Memorial stadium Thursday night. Director Joe Kline announced today.

The main game the Lucky Dogs take up against the Central team of Columbianna. The Mullins team will meet in the first preliminary game not yet named, and in the second game the Salem team will clash with the East Palestine Strollers.

The games Thursday night will be the only major contests of the week in Salem because Salem High plays at New Friday. Special arrangements have been made to handle the large crowd on that account. The game of Columbianna five will make its local appearance against the Salem team. Fane of the Salem team has spread far and wide and here have been anxious to see these boys strut their stuff in order that it may be known if the team is as good, actually, as they claim.

After the downfall of the Dogs before the crushing attack of the Canton Jack Ares, much improvement is noted in the local combination. At a practice Monday night all kinds of stuff displayed by the squad brightened things not a little bit.

A well timed attack has been the chief feature missing from the Dogs' machine. Guarding is fairly good but the old time snap the Aces had last season is yet to be acquired by the Dogs. However, the management of the five today voiced confidence in

the team, and it is the prevailing opinion that Thursday night will see a complete reversal of form.

Fane have not seen much of the Clerks city league five outside of the regular league games, but let it be known the Clerks have been very busy tossing the pill around. This five has visited most of the nearby towns and has defeated a long list of opponents.

The Palestine Strollers, opponents of the Clerks Thursday, were defeated by the Clerks by a lone point at Palestine last week, and it is to be expected that the Strollers will appear here bent on revenge.

Mullins will play a good five; which will be selected today.

McMANUS DEAL BETWEEN YANKS, BROWNS REVIVED

New York, Jan. 13.—Rumors of another revival of the Marty McManus deal between the New York Yankees and the St. Louis Browns were in circulation today as a result of reports that Miller Huggins and George Sisler had renewed their series of conferences in Florida. Yankee officials waited impatiently for word from Huggins that the deal had gone through but none came.

It is understood that Waite Hoyt, right hand pitcher, has been demanded by Sisler as part payment for McManus and that this has held up negotiations. Aaron Ward, local second baseman, also has been mentioned in connection with the deal.

WALKER'S BOUT TO BE ON COAST OR IN ENGLAND

New York, Jan. 13.—Mickey Walker, welterweight champion, and his manager Jack Kearns, re-iterated today, statements to the effect that the welterweight championship bout between Walker and Tommy Milligan, of England, either would be fought in London or on the coast.

They said they were considering offers from responsible promoters at both places and would make a decision within a few days.

Walker, originally scheduled to meet Milligan here on Jan. 22, virtually was barred by the State Athletic Commission which decreed that he was "unavoidable" owing to an infected toe which he claimed prevented him from accepting the Milligan bout for the Christmas fund. A subsequent attempt to have the board rescind its order resulted in the commission re-affirming its stand.

LEETONIA STUDENT COUNCIL ELECTED

Dominic Bianco, Senior, Is Elected President of Student Body.

Leetonia, Jan. 13.—At an assembly meeting of the Leetonia High school members on Friday afternoon in their room a student council was elected which is composed of three members each from the senior and junior class and two from each of the sophomore and freshman classes. This council will make and hand down decisions on all questions of doubt and controversies that may arise among the High school students.

The organization effected the following officers were elected: Dominic Bianco, senior class president; Leland Helt, junior class vice president; Carl Stambaugh, sophomore class, secretary. The others chosen were Miss Mary Bellhart and Guy Nicolett, seniors; Bruce Falls and Rhea Ablett from the junior class; Robert Clifford, sophomore; Bernada Morris and Rease Price freshman class.

The Light Brigade of St. Paul's Lutheran church will have charge of the program at the regular women's day evening service at the church at 7:30 p. m. The children will first demonstrate their work by holding their regular meeting followed by

GRADING OF MANY ROADS IS PLANNED

Allowing Graded Roads to Settle Makes Better Foundations.

Lisbon, Jan. 13.—Serious consideration is being given the idea by the county commissioners of grading as many roads as possible during the coming summer, the thought being in mind that the more grading done this year, and then allowing the graded highway to "settle" would be productive of a better foundation for surfacing than when grading and surfacing is all done in the same year.

While no definite conclusion has been reached in this matter, it has been pointed out that by selling more of the \$950,000 bond issue this year it will be possible to make further extensions in the roads program as outlined last fall, when the bond issue was before the electors for approval.

At the very start of the program, the commissioners worked out a road program covering a period of three years. This is to be adhered to. However, it is declared by the commissioners and approved by County Surveyor Lloyd C. Kirk, that the longer a road is graded before being surfaced the better the finished road will be.

In all road discussions, the commissioners are holding fast to their original three-year program. One road that may be graded this year is the Lisbon-Norley road via Elkton, a road that was included in the major project, and upon which a recent road hearing was held. However, no word has been received from the State Highway Department about the probable location of this route. Should it be found possible to grade this road this season, it is very likely that the commissioners and the State Highway Department will go ahead with the contract.

Alliance—Alliance Christmas seal sale this year fell \$200 short of the goal. The total of \$1,300 was about \$100 more than was raised in 1924.

Watch Gleason Remake Macks Connie States

By DAVIS J. WALSH

New York, Jan. 13.—Can a man of more than 50 summers and an unknown number of winters transform a ball club between seasons from a probable pennant contender to a possible pennant winner? Connie Egan, famed Mack thinks so and points with pride to William (Kid) Gleason as the gentleman in question.

William the Kid is to come back to baseball, after a lapse of several years, and Cornelius thinks he will furnish the spark that felled the Athletics during the closing weeks of the 1925 campaign, when they lost 12 games in a row and, perforce, the American League pennant. William, of course, will play no baseball for the Athletics. He merely will make the Athletics play it for him.

William will be coach of the outfit, which means acting as a point of contact between Mack and the players. Anyone who has had contact with the Kid either direct or indirect, will hasten to admit that he has a way with him.

"Gleason may be the man to put us on top," Mack said recently. "The Kid has very persuasive ways. Ask any of the old White Sox about it. He will handle the players in his own fashion and see that my orders are carried out."

That last has a very ominous sound for the Philadelphia Athletics of 1926. If he handles them "in his own fashion" this club will be asked to do a thing only once and physically compelled to do it by way of second request, if any is necessary. This, in view of the Kid's reputation, is highly unlikely. He is a gentleman of the old school, who still maintains that a punch in the nose is worth two in the future.

Incidentally, it might be mentioned that the horse of a two-handed gent like the Kid indicates a distinct departure from Mr. Mack's usual theory about running a ball club. Mr. Mack has been wont to speak gently but firmly to the hired hands, even in moments of stress.

He seemed to feel that there was much to the allegation that a soft answer turneth away wrath. Perhaps he also has discovered that sometimes it turneth away pennants.

CAPITAL POLICE STOP BOUT, NAB SHOW MANAGERS

Washington, Jan. 13.—Boxing in the National capital, which has been on a boom of boxing status for the past year, has received a wallop from which it appeared today it may not recover.

A squad of police raided the National boxing club shortly before midnight last night, stopped a bout in progress and arrested sixteen persons, managers, fighters, promoters and bookmakers. They were later released on bond.

Fifteen hundred spectators booed and jeered the officers as they clambered into the ring and stopped the show. They made their entrance at a dramatic moment, just as Johnny (the York Pa. middle-eight, was knocking on the canvas from a blow from the brawler, Norfolk, middle-eight, and claimed he was fouled.

FAT CONTRACTS WILL BE WAVED AT CARPENTIER

New York, Jan. 13.—American promoters, waving fat contracts, again will congregate around Georges Carpentier, the so-called orchid man of France, upon his arrival today on the majestic for a fourth visit to this country.

All previous visits have proved very lucrative a movie contract and a bout with Battling Levinsky awaiting him the first time the \$200,000 Demarcus fight on the second occasion and bouts with Tom Gibbons and Gene Tunney on the third.

Carpentier ostensibly is coming here as the advance agent of Paulino the much discussed European heavyweight.

Cubs Defeat Deming Basketeers 30 to 21

In the only league game played last night at the Memorial building the Cubs trimmed the Deming five, 30 to 21. Demings, with two regulars missing, could not stop the fast Cubs.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities. Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

WILLYS-KNIGHT GREAT SIX

The only engine that improves with use

Your own experience has proven that all poppet-valve motors wear out. Complicated and intricate valve mechanism ultimately yields to the incessant demands to which it is subjected. Carbon eventually gets in its destructive work on the finest of cylinders.

The experience of 275,000 Willys-Knight owners proves that service actually improves this sleeve-valve motor. No valves to adjust—two silently-moving sleeves—and that is all—control the intake and exhaust operations. Carbon serves but to seal compression hence to build up its efficiency.

When the finest of poppet-valve engines are worn out, the everlasting engine of your Willys-Knight is just coming into the full manhood of its power.

THE GUMPS—YESTERDAY AND TODAY

Theatre

"WINE" Universal-Jewel made with an all star cast and coming to the State tonight is said to be a startling portrayal of conditions consequent upon violation in high society of the prohibition law.

It is the screen version of the story by the same name written by William MacHarg, and published in Cosmopolitan magazine where it created a sensation and was acclaimed a scathing indictment of present social conditions.

"Wine" was made with a cast of unusual magnitude, the featured players being Clara Bow, Forrest Stanley, Huntly Gordon, Myrtle Stedman, Walter Long, Leo White, and Robert Agnew. Louis Gasnier directed, and the production was made on an elaborate scale, with several spectacular cafe scenes and a thrilling raid by prohibition enforcement officers.

Tonight concludes the three day engagement of the Venetian Quintet, an orchestra of exceptional merit, members of which John Henri Sarden of Youngstown, discoverer of the five muscians, may well be proud.

"BIG TIMBER" A romance of the "Big Timber"

REMEMBER, how it used to be when you could hardly wait for mealtimes? And then, sit down and eat several helpings of everything—enjoy every morsel and get up from the table feeling satisfied with the World, happy with everybody and ready for anything?

But what a difference in living when even the sight and smell of food sickens you! Never hungry—no matter how tempting the food is—nothing tastes right. And then, after nibbling at a few bites, feeling worse than ever.

Oh, life is hardly worth living this way. And yet, all in the world the matter with you is that you are starving for rich, red blood. And it is as knowledge everywhere that S. S. S. helps Nature build those healthy red-blood-cells by the millions!

All you need to do to get back that wonderful appetite is to build rich red-blood-cells with S. S. S. It's simple. Just try it, like thousands are doing every day. See for yourself what S. S. S. will do.

S. S. S. means blood with a punch—brimful of new life and energy. Get your S. S. S. at any good drugist. The larger size is more economical.

BUTLER-GOSHEN SOCIETY ELECTS

country of California is told in the motion picture of that title which opens tonight at the Grand.

"Big Timber" is a Universal production with the stellar role handled by William Desmond, remembered for his performances in a long series of features and serials. It was written for publication by Vingle E. Roe under the original title of "The Heart of the North Wind."

The cast supporting Desmond is especially strong and including Olive Hashbrown, Betty Francisco, Lydia Yeaman, Titts, Ivar McFadden and Albert J. Smith. William Craft directed the filming of the story.

The story is replete with thrills from the very moment that Desmond, in the role of Walter Sandry, new timber king, arrives at this newly acquired properties to supervise them personally. He is met with resistance, not only by a rival timber outfit, but also by his own acquired notion that he is responsible for the death of the previous owner.

Milk Truck Struck, Two Youths Killed

Elyria, O., Jan. 13.—Two young men were dead at LaGrange today, the result of a traffic accident last night when a milk truck in which they were riding was struck by a taxicab. The dead are Lester Wilson and Edward Knowles, both 16. Apparently Wilson, who was driving, drove his truck directly in front of the fast moving train. However,

details were lacking, as there were no witnesses to the accident.

NEWS IN BRIEF

Chicago.—Paintings representing the "spirit of '76" and pictures of generals and battle fields have been ruled out of the public schools here on the grounds that the perpetuate the war spirit.

Rheims.—This city, rebuilt following German destruction of it during the war, now finds that it has houses for 150,000 people, but a population of only 80,000.

Long Beach, L. I.—So much odor has attached to the national beauty pageant in Atlantic City last year, that Long Beach and her Chamber of Commerce will try to take the annual event away from the rival Jersey resort beginning this year.

FARES INCREASED ON Y. AND S. LINE

The state public utilities commission has granted the Youngstown & Suburban Railway Co. permission to increase its interurban fares. It is announced by E. O. Shryock, general manager of the company.

The increase in rates was granted some time ago and became operative Jan. 10. No announcement was made of the fare increase until today.

The new tariff provides, with few exceptions, a fare boost between Youngstown and all interurban points on the line. In a few cases, Mr. Shryock says, fares are reduced between intermediate stops under the new tariff.

The fare schedule does not provide any change in rates between the Youngstown terminal and the southern terminal at Leetonia. This fare remains at 56 cents.

Important fare changes include: Youngstown to Columbiana increased from 42 cents to 45 cents.

NYE, NORTH DAKOTA, SEATED BY SENATE

Washington, Jan. 13.—Climaxing a five weeks battle by western progressives the senate Tuesday afternoon seated Senator-Designate Gerald P. Nye, youthful Republican insurgent, of North Dakota.

The result came as a distinct surprise to administration leaders who had opposed the seating of Nye on the constitutional issue that Governor A. G. Sorlie had no power to make the appointment.

By its decision in seating Nye, the senate inferentially ruled that a United States senator is a "state officer" as this claim was raised by Nye's supporters in arguing that Sorlie had power to fill all vacancies in state offices by appointment.

Albany, Jan. 13.—The law designed to unmask the Ku Klux Klan in New York which was sponsored by Mayor James J. Walker of New York, when he was Democratic leader in the legislature, was upheld today by the court of appeals.

Law to Unmask Klan Is Upheld by Court

Under the Walker law, the Klan must file with the secretary of state the list of its members. Its constitution and by-laws and minutes of its meetings.

GOOD DISPOSITIONS INVALUABLE

You can't watch your disposition too carefully. A crab and a grouchy are rarely successful. If your liver and stomach are in an unhealthy condition you can not have a sunny disposition because they affect the brain as well as the entire system. MAYR'S "One Dose Will Convince" has been usually successful in such cases. Our advice to everyone troubled in this way, especially when accompanied with bloating in the stomach, is to try this remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. At all druggists. Adv

TODAY'S RECIPES
Spinach—Clean and cook spinach with no water except what clings to the leaves. Make a thin white sauce and grate or crumb a quarter pound sharp cheese into it. Stir over low fire until smooth, then pour it over the spinach and place in oven to brown slightly.

Apple Pie De Luxe—Butter pie tin. Slice pared apples in pan until it is half full. Sprinkle with sugar and a tiny bit of flour and cinnamon. Fill fish filling tin with apples using more sugar on top. Cover with pie dough rolled to fit and bake. When done invert on plate and let cool. Cover top with whipped cream just before serving.

Salad—Grind cabbage and carrots together. Shake one tablespoon of sugar and the same amount of vinegar over it and set aside while preparing dinner. When ready to serve, drain and add salad dressing and serve on lettuce leaves.

What Do You Know About Constitution?

The Constitution of the United States is the accepted pattern in government for the whole world. It is man's most successful attempt to govern himself. While this document is mentioned more frequently than any other paper in American history many Americans have only a confused idea of its provisions. To understand your government thoroughly you must know its Constitution. The Washington Information Bureau of this paper will supply you with a copy of the Constitution, Declaration of Independence and Articles of Confederation without cost. Just fill in the attached coupon and enclose two cents in stamps for return postage.

4 out of 5 are his Statistics

Your own dentist will tell you that four people out of five past the age of forty are doomed, through carelessness, to contract pyorrhea, the dread disease of the gums that causes rheumatism, loss of teeth and general ill-health.

If you have pyorrhea see your dentist at once and follow his advice carefully. Forhan's for the Gums is a scientific dentifrice, the formula of R. J. Forhan, D.D.S. It contains Forhan's

Forhan's FOR THE GUMS

More than a tooth paste—it checks Pyorrhea

Get acquainted with your dentist

To wait until you have a toothache before consulting your dentist is like locking the door after the horse is stolen. Your dentist is interested in preventing trouble in your mouth. Visit him at least twice a year and protect your teeth and health!

Pyorrhea Liquid which has been used by dentists for the last 15 years in the treatment of pyorrhea.

If used in time Forhan's will prevent pyorrhea or, in co-operation with your dentist, will check its progress.

Brush your teeth with Forhan's night and morning. All druggists, 35c and 60c in tubes.
